

# SNORING RELIEF!

...an effective yet comfortable way to help reduce snoring.

## The Original **SILENT NIGHTSHIRT™**

*Silent Nightshirt™* Sleep Kit includes a comfortable cotton garment with positional tubes.

Positional Sleep Therapy, used by sleep professionals for years, simply trains snorers to sleep on their sides. Wearing the *Silent Nightshirt™* for 3-4 weeks while sleeping teaches most people to stay off their backs.

The *Silent Nightshirt™* also assists patients who use oral appliances, C-PAP, BI-PAP or nighttime oxygen to treat their snoring or gasping.

Wholesale Cost LG through XLG	\$22.50
Suggested Cost to Doctors	\$31.00 + shipping
Suggested Retail Price	\$39.95 + shipping
